

## ADVANCED THEATRE TROUPES | 25/26 AUDITION PACKAGE

The Arts Umbrella Advanced Theatre Program consists of Theatre, Film, Musical Theatre, and Sketch Comedy & Improv Performance Troupes. These yearlong programs are structured to offer aspiring artists a space to sharpen their skills, increase their confidence, and expand their network. A balance of process and production, students develop teamwork and cooperation, discipline and technique, creative expression, and individual artistry.

Our instructors are industry professionals who help students explore their artistic potential. Many of our students have gone on to post-secondary theatre programs and professional acting careers around the world.

The Arts Umbrella Advanced Theatre Program is a September to June commitment (with extra rehearsals around performance times). Students **MUST** be prepared to put a lot of energy and time into training and preparation for performances.

**Important note:** *Our Advanced Program is designed for those who are considering theatre and the performing arts as a career path. A significant amount of at-home preparation and regular attendance is expected of all students. Missed classes may require changes in casting for our productions. Families are asked to consider this carefully when choosing to audition for the program.*
